

Year 7 Homework Timetable 2021-2022

Year 7 students should expect to complete at least 3 to 4 hours of homework per week with each task normally taking 30-45 minutes to complete. Students can also use the 'Home Access to Learning' subject documents on the school website to complete additional work for each subject and are encouraged to engage in reading for enjoyment regularly during the week. Most homework tasks will be set using Google Classroom. Most teacher assessed tasks would be returned to students within one week or by the next lesson. Students will usually be set a weekly homework task for Maths, English and Science and a fortnightly homework for History, Geography, French and German. Art, Music, Drama, DT and Computer Science will set ongoing project work which may include a task specific focus.
